

Brothers, Sisters,

The attached photos will give a small insight into the work done yesterday. We were able to cut a path through the underbrush from the asphalt road back 20 ft. South to the low voltage power lines. The work yesterday was done in the main by Jason Griffin (who leaves Wednesday night for his monthly 28 day stint out in the Gulf), Larry Bell, Carl Wilson and John Buchanan.

The clearing by the huge brush eating machine by J.P. McIntosh and crew which will run us \$1,600 is to start today about 1:00.

God did some other things unexpectedly but amazingly, He put it in the heart of Mr. Jake Burnside, owner of Burnside construction headed up the construction of a new football field at the old field North across the road, to help us by filling in the washed out portion of the entry to our land. See attached photos. Praise God! Then the power company that keeps the right of way along the West side of the property actually timed it perfectly sending out a crew to mow that 1,100 ft. long lane so we can easily drive or walk the line.

If you'll consider prayerfully how much you might give separate from the regular contribution to the side fund for the clearing by J.P. it would be immensely appreciated. We need to know as soon as possible if you can go ahead and make that gift soon as possible. We need another \$450.00 now. We have \$1,150 pledged to defray that expense. And this really gets things moving. I'd encourage you to drive by the land after J.P. finishes in three or four days. It's going to look like a different place and set in motion some great and creative dreaming and work together for God's glory! We are entering together into an exciting and awesome phase to see a new building!!

Let me know, please, if you have any questions, suggestions, comments. Please let me know by return email what you might be able to do to help with this balance of \$450.00. God be praised for your kindness and generous help!!!!

Grace and Peace,
Lynn

P.S. When you make out your check, make it please to the "church of Christ in Montgomery", and in the Memo line put "Land Clearing". Thanks!!!!!!!!!!!!
